

Transfer of Manufacture of Panbio IFA and Latex Products

Inverness Medical and Scimedx recently finalised the sale of the Panbio IFA and Latex product lines to Scimedx Corporation.

Scimedx is a well known and highly reputable manufacturing company with over 30 years experience in the medical diagnostic industry, specialising in IFA.

Scimedix has already started manufacturing the IFA and Latex products previously manufactured by Panbio Inc. These products will be Scimedx branded but will retain the same product codes the Panbio products.

These Scimedx products will be distributed internationally by Scimedx and their extensive distribution network and will be available in Australia and New Zealand through Inverness Medical Innovations Australia.

For any further queries on the Scimedx IFA and Latex product ranges please contact Scimedx or Inverness Medical Innovations Australia (previously Panbio Limited).
